JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Monday - 10 April 1972

1. (Internal Use Only - JGO) Delivered a letter from General Walters to Chairman Stennis to Ed Braswell, Chief Counsel, Senate Armed Services Committee, enclosing the responses to questions raised by Senators Strom Thurmond (R., S. C.) and Harold Hughes (D., Iowa) during General Walters' confirmation hearing on Friday.

I also gave Mr. Braswell a paper from Jack Maury concerning S. 2224, the Cooper bill. Mr. Braswell glanced through both General Walters' questions and answers and Mr. Maury's paper while I was with him and said that it looked as if he would have to do a little more studying on S. 2224.

3. (Secret - JGO) Met briefly with Representative Richard Ichord (D., Mo.) concerning his request to the Archivist of the United States for certain Warren Commission documents. I told him that the documents cannot be released at this time but that we would be pleased to review them with him. He will call me when he has had a chance to check his calendar and set up a time for meeting.

4. (Unclassified - GLC) Accompanied the Intelligence Production Course members to a meeting with Mr. James Woolsey, of the Senate Armed Services Committee, who talked to them at some length about problems facing the Congress and particular problems for the Agency as he saw them. Considerable length of time was spent in discussion on the provisions of Senator Cooper's (R., Ky.) bill (S. 2224) and the class members seemed to appreciate Mr. Woolsey's remarks.

6. (Confidential - GLC) William McAfee, INR/DDC, State Department, called to say that David Abshire, Assistant Secretary of State for Congressional Relations, had asked Ray Cline, Director Intelligence and Research, for material on the Cooper bill (S. 2224) for his (Abshire's) use in talking to the Foreign Relations Committee later this week. McAfee said he assumed we had developed some thoughts on this and he would appreciate anything we could pass on to them. I told him we had sent a basic position paper to Tom Lattimer, in the White House, for Dr. Kissinger's use and had also provided some material to Ed Braswell, on the Senate Armed Services Committee staff, this morning. I told him I would forward copies of this material as well as some additional comments of mine having to do with comparison of the Cooper bill with Section 202 of the Atomic Energy Act with the understanding that it would not be used in its present form since this had been sent to Braswell for possible use in a floor statement by Senator Stennis. The material was sent this afternoon.

7. (Confidential - JMM) Lloyd Hackler, Administrative Assistant to Senator Lloyd Bentsen, called to say the Senator would like the briefing on the military situation in Indochina which he mentioned to the Director at 3:00 this afternoon. After checking with OCI I found the experts concerned were already committed to an important meeting and called back to suggest tomorrow morning, to which Hackler agreed.

Later in the day Hackler called back to say Senator Stennis had called on the Pentagon on the same subject tomorrow and Bentsen assumed this would answer his questions.

8. (Unclassified - JMM) Called R. Burnett Thompson, Administrative Assistant to Representative G. William Whitehurst, to say that we had no record of receiving a letter from [REDACTED] 25X1

[REDACTED] but that we had asked our Office of Logistics to get in touch with [REDACTED] regarding his desire to interest the Agency in some technical equipment he has developed. 25X1

I also told Mr. Thompson that we would send Mr. Whitehurst some application forms for one of his constituents who had written to him about Agency employment.
